AV Concepts Invests \$1 Million in Staging Equipment

TEMPE, AZ, February 16, 2004: AV Concepts has added one million dollars of new staging equipment to their already extensive staging inventory. Known for reinvesting in technology, AV Concepts is a premiere, full-service supplier of equipment and technical support for meeting and staging events. While much of the recently purchased equipment is brand new technology, many pieces were purchased as enhancements to the company's current inventory. This purchase will ensure that the equipment AV Concepts' clients continue to receive is top-notch.

The acquisition included the following:

- Christie S9, LX41 and LX100 Projectors
- QuVIS QuBit ST HD Hard Disc Recorders
- FastForward Dual Hard Disc Play/Record Decks
- Sony DSR-45 Play/Record DVCAM Decks
- Sony PVW-2800 Betacam SP Play/Record Decks
- Sony 14" HD-SDI Monitor
- Sony D50WS Dockable Triax Cameras
- Cartoni C20S Camera Tripods
- Folsom ImagePRO HD Scalers
- Folsom ScreenProPlus Switchers
- Covid Fiber Optic Cables – 200ft and 400ft
- Christie Roadster 1.2 Short Throw Lenses
- Dugan Auto Mixers
- Meyer M1D Line Array Speakers and Subs
- Midas Venice 320 Mixers
- Klark Dual Five Band Parametric EQs
- Telex 4CH Wireless Intercoms
- Comrex Telephone Interfaces
- Klark DN306B Three Band Graphic EQs
- Mackie SRM450 Powered Speakers
- Behringer 4XLR/4S 12CH Mixers
- ETC Parnell Lighting Fixtures
- Velaire 15ft x 20ft Lightweight Drape - Black and Gray
- Projection Screens - Complete new inventory
